

Recherche et Développement parmi les PFN

Séminaire D'information et de formation
pour les responsables du contenu des PFN
du SEMIDE

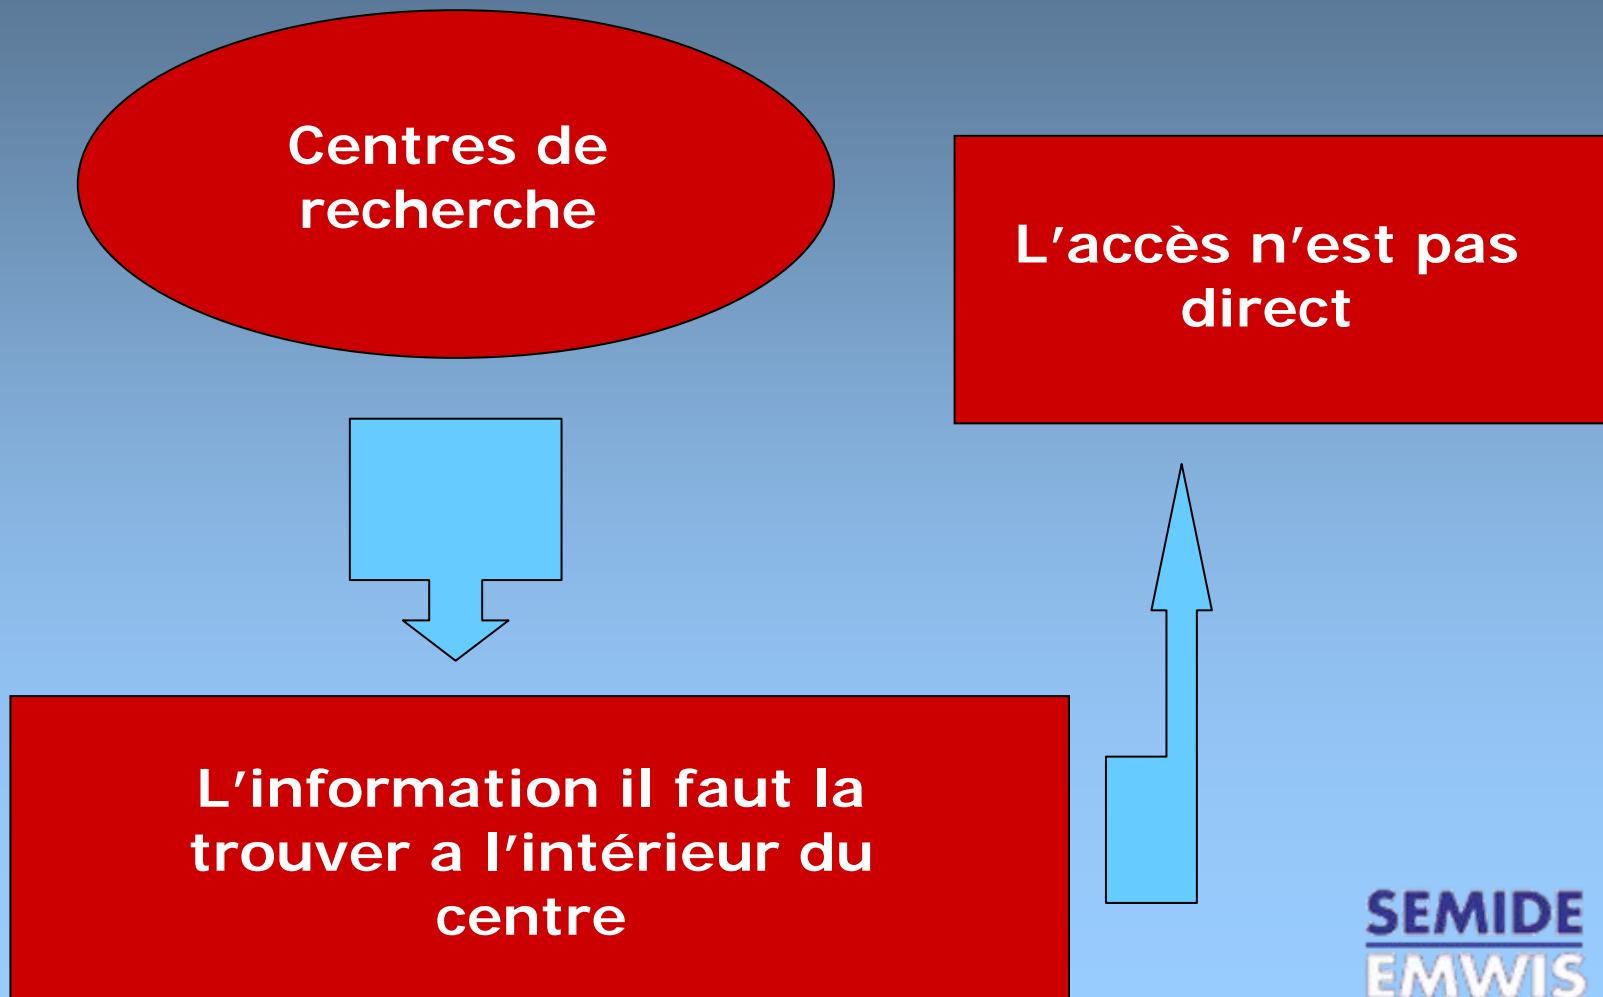

Madrid, 13-15 novembre 2006

Leticia Martínez Etayo

SEMIDE
EMWIS

¿Comment la recherche est elle représenté?

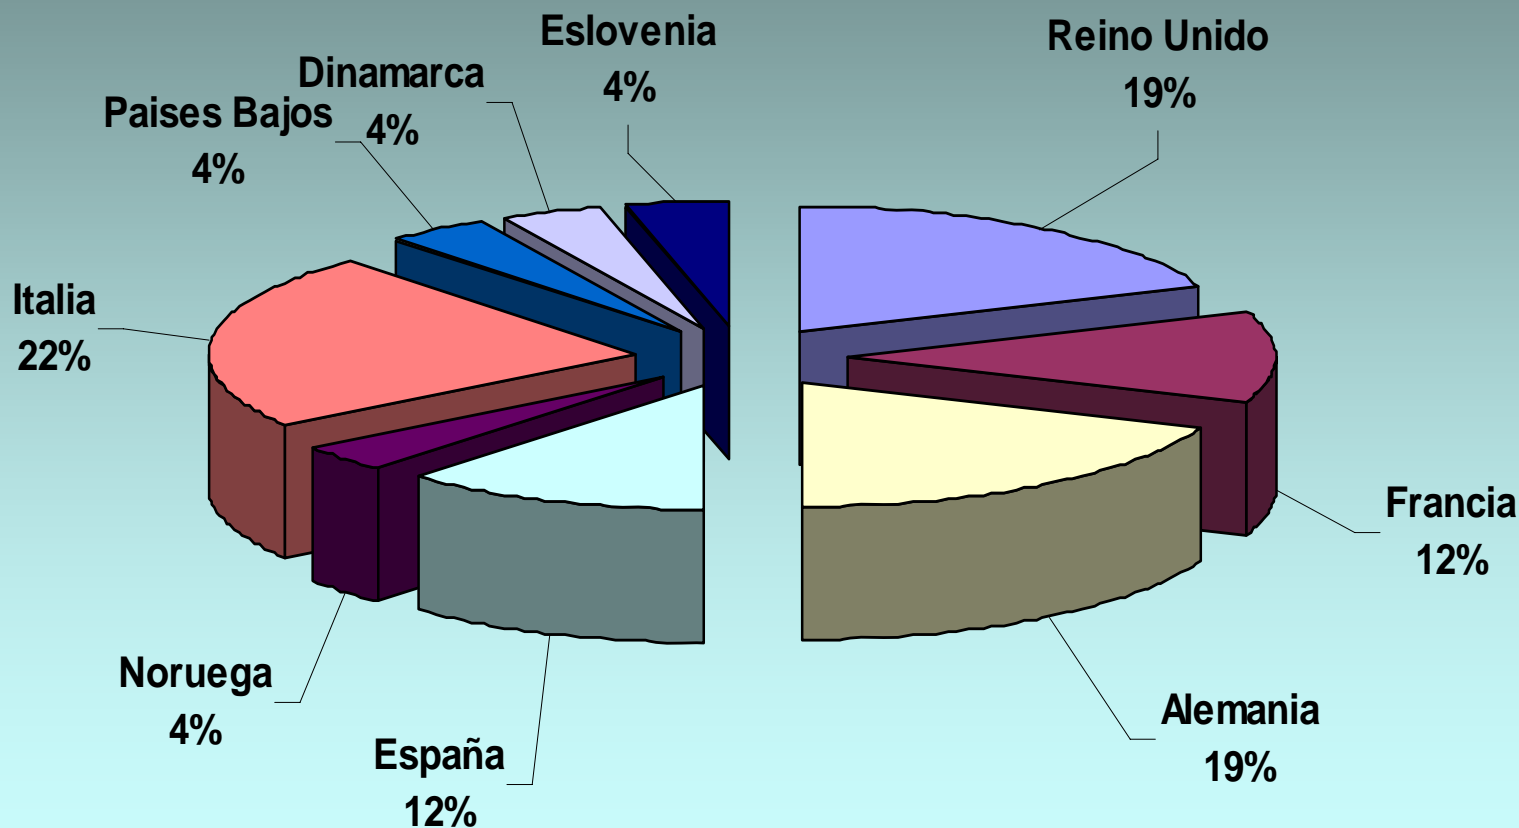

Quelques donnés

- Numéro de projets financés par la Commission Européenne en ressources hydriques actuellement en vigueur:

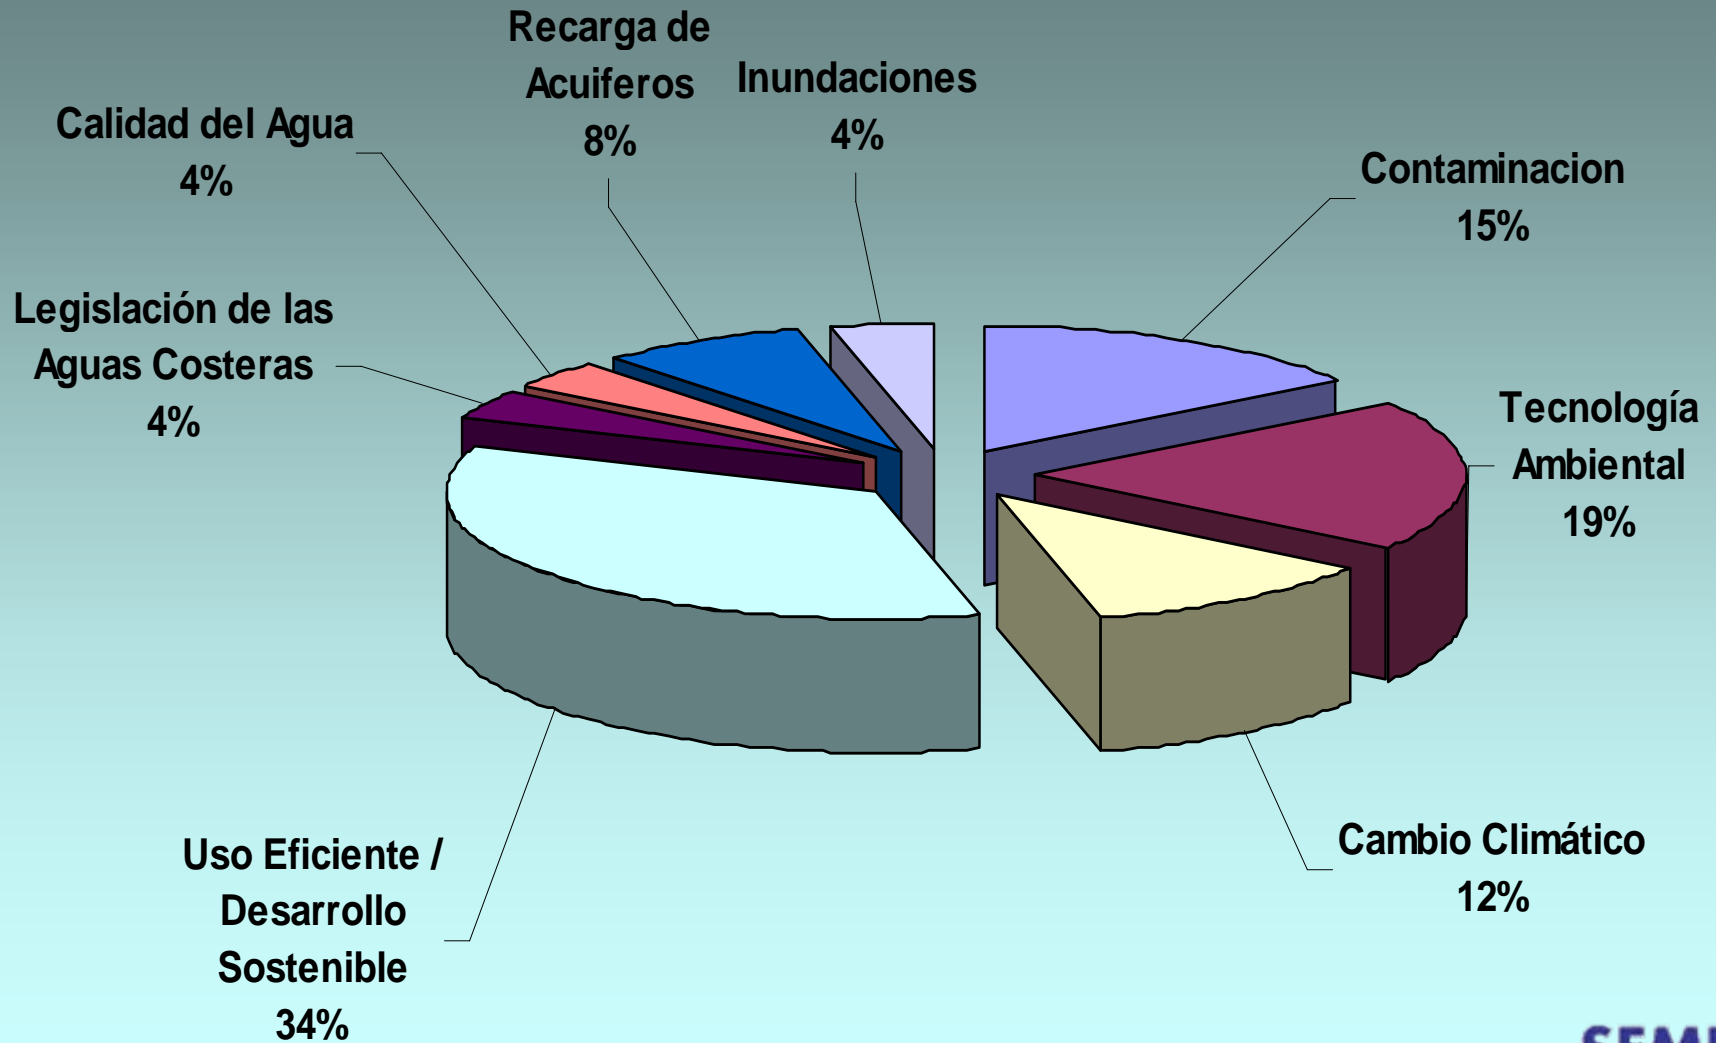

68

Source: base de donnés CORDIS

Proyectos de investigación en activo. Clasificación por los países coordinadores. Comisión Europea

Proyectos de investigación en activo. Clasificación por diferentes temáticas. Comisión Europea

Comment pouvons récupérer les projets pour nos sites web

- Projets nationaux, régionaux, etc...
- Où peut on les recueillir?
- Qui réalise les projets?
- Organisations Publiques de Recherche, Universités, Entreprise, Organisation non Gouvernemental

**Chaque Point Focal devrais
les compiler**

**Identifier et contacter les
gestionnaires de la R&D**

Autres sources en relation avec la R&D. Les THÈSES

En Espagne existe une base de données où l'ont recueilli les thèses espagnoles: TESEO (accès gratuit)

La base de données SIGLE, (d'accès payante) recueilli la littérature grise (thèses, rapports, congrès) dans le domaine européen

Autres indicateurs

PATENTES

- Base de données de patentes. Accès gratuit au document plein texte (European Patent Office)

REVUES SCIENTIFIQUES

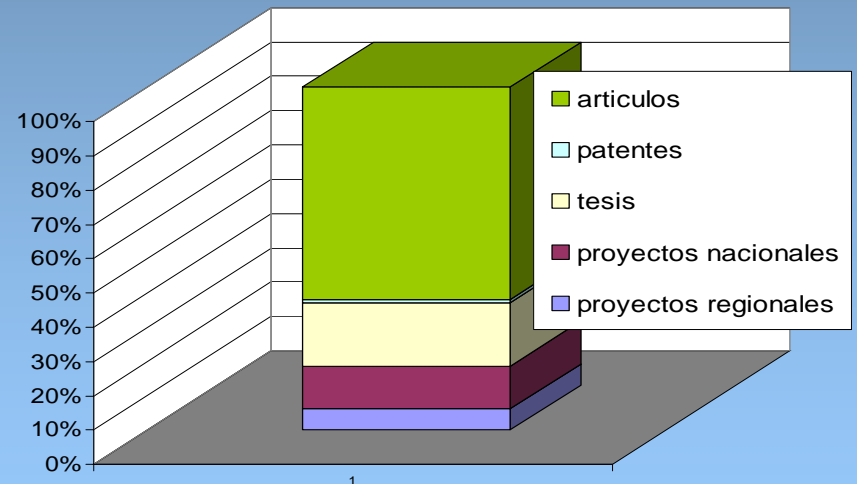

- Sélectionner par le PFN les Revues (accès gratuit)
- Sélectionner les meilleurs revues de l'eau sur Internet et inclure le sommaire des derniers articles

Budget

- Identifier le budget financé par les différents pouvoirs publiques, en R&D sur les **RESSOURCES HYDRIQUES**

Les principaux indicateurs R&D

- Thèses
- Publications scientifiques
- Budget R&D du pays
- Lignes prioritaires de recherche
- Agents impliqués
- Projets... domaine régional, national, européen.

Entries 1 to 10 of 122

- Bahia Poor Urban Areas Integrated Development
- Urban Water Project in Ghana
- Urban Flood Prevention and Drainage APL1
- Ethiopia Water Supply and Sanitation Project
- Modernization of the Water and Sanitation Sector Technical Assistance Project
- New Approaches to Adaptive Water Management under Uncertainty
- Innovative Decision Making for Sustainable Water Management in Developing Countries
- Proyecto AWARE, para la supervisión y predicción de los recursos hídricos
- Yemen Rural Water Supply and Sanitation Project
- Uttar Pradesh Water Sector Restructuring Project - India
